Led by a resourceful young woman named Anya, the group sets out on a journey to find a new home. Along the way, they must face challenges that would test even the most experienced survivors. They must scavenge for food and water, build shelter, and defend themselves from dangerous predators.

But amidst the darkness, the teenagers also find hope. They learn to trust each other, to rely on each other, and to never give up. They also discover that they are stronger than they ever thought possible.

As the group travels, they encounter other survivors, both good and bad. They learn that in this new world, trust is a precious commodity. And they learn that the only way to survive is to stick together.
